**Booking hotels for
the most important
group in the world.
Yours.**

Known as a tour operator's "secret weapon," TravelAdvocates specializes in booking hotels for groups needing five or more rooms per night. We work to offer you the lowest group room rates with the most flexible contract clauses at hotels across the globe – at no cost to you.

Founded in 2005 by Robert Miller, a former attorney and tour operator, TravelAdvocates guarantees the lowest group hotel room rates with the most flexible contract clauses. Our hotel experts do all the accommodation shopping for you, negotiating on your behalf to make sure your groups stay in the best possible hotels within your budget. Our hotel partners offer us the most flexible contract terms which typically include 30 days to cancel without penalty and no attrition – even inside Times Square.

Whether you're booking a 1-night stay or a series of dates, you'll benefit from our quick speed, industry contacts, and buying power. In 2024, we booked hotels for over 3,700 groups. There is always someone on our team to help you regardless of time of day. We want to book your group's next hotel. Contact us today so we can quickly send you hotel rate options.

How it works

1. Send us your group's dates, number of rooms and any special requests.

2. We will contact all the hotels to negotiate the lowest room rates.

3. We will email you a list of great hotel options.

4. You choose your preferred hotel from that list.

5. Send rooming lists and payment to your contact at TravelAdvocates.

Simple Contract:

- No more lengthy contracts and terrible hotel terms!
- You will sign our easy-to-read standardized 3-page contract, not a confusing lengthy hotel contract with hidden clauses.
- We will negotiate flexible contract terms with the hotels you choose: typically 30 days to cancel and no attrition.

Easy Payment:

- No credit cards required.
- We will deal with the complicated hotel bill for you!

After check out, we will send you a one-page invoice so you won't have to worry about the complicated hotel bill that is almost always filled with mistakes.

- We typically waive any advance deposit requirements.

You can pay us via check or bank wire after the group checks out.

- No need to complete any time-consuming credit card authorization forms. We do that for you!

The hotel has our credit card to charge. The hotel will not have your credit card information on file to "accidentally" charge!

- Your final invoice is based off your most updated rooming list.

Rest assured knowing that your final invoice is correct, saving you an accounting headache.
